Corporate profile

About

US

Alexandrion Group's story is a combination of history, tradition, experience and passion dating back to 1789. The group is the spirits and wine markets leader in Romania and owns some of the largest production facilities in South-Eastern Europe – THE ALEXANDRION SABER 1789 DISTILLERIES – as well as vineyards and wine production facilities in Romania, located in the Dealu Mare (Big Hill) region.

Alexandrion Group is in full global expansion, building two state-of-the-art distilleries in New York (USA) and planning to make investments in several other distilleries in Romania and in other European countries. The Group will also expand its distribution network, by opening distribution companies, wine & spirits stores and e-commerce websites in all the markets where there are development opportunities.

Alexandrion Group is headquartered in Romania and has offices and subsidiaries in Cyprus, Greece, Brazil and the USA.

The Alexandrion Saber 1789 distilleries

Our distilleries are situated in the Dealu Mare ('Big Hill') Region, Prahova County, Romania. THE ALEXANDRION SABER 1789 DISTILLERIES use state-of-the-art technology and processes that ensure the highest quality and are ISO and IFS certified. Due to a highly flexible logistics operation model, capable of handling a complex product portfolio, they are considered to be some of the most modern and efficient distilleries in South-Eastern Europe. THE ALEXANDRION SABER 1789 DISTILLERIES cover an area of 25,000 sqm. and include distillation facilities, bottling and packaging lines, underground cellars and warehousing facilities. Our philosophy of constant technological evolution has made us more determined to continuously acquire new competitive equipment and upgrade our capacity to meet the growing demand in both local and international markets.

The Alexandrion Saber 1789 distilleries

Distillation is carefully performed extracting the volatile substances from wine that enrich the ethylic alcohol from the raw wine distillate. In addition, a large investment was made to purchase high-tech automated equipment for processing, distilling and fermenting natural fruits and fruit distillates, which are used for producing the finest traditional Romanian premium spirits.

Blending also takes place using advanced technology that allows both automatic processing and precise control. However, the craftsmanship in blending the finest distillates is transferred to our products under strict supervision and based on the in-depth know-how of our Master Blender, who ensures the best blends and high-quality standards in every drop in every bottle.

The Alexandrion Saber 1789 distilleries

Bottling, labelling and packaging are performed using state-of-the-art technology, ensuring efficiency and quality in each process while showing how modern techniques can preserve the high-quality standards of our brands. The distilleries have a bottling capacity of 42 million litres a year.

The underground cellars cover an area of 1,500 sq. meters, preserving the barrels at constant temperatures and humidity levels, thus protecting the aromas of the distillates.

The cellars currently hold over 3,500 oak casks.

Our winery

Our winery is successfully capitalizing on the potential and diversity of the country's wine regions, covering over 200 hectares of vineyards in Dealu Mare and other wine regions. The Iconic Estate owns production/warehousing facilities, 3 bottling lines, a warehouse with controlled temperature and underground cellars and has an experience and tradition dating back to 1892.

Our winery

Year after year, the wines we produce have been awarded in numerous prestigious international competitions. Our winery is the first Romanian wine producer that was awarded The Grand Gold Medal in the “Concours Mondial de Bruxelles”. The Iconic Estate is the Supplier of the Royal House of Romania for wines and Rhein Extra Sparkling wine.

The Iconic Estate is the second largest Romanian bottled wine exporter: about 60% of our annual production is exported.

ALEXANDRION

The secret of Alexandrion lies in its “heart”, completed by the wine distillate left to mature in oak barrels that are kept in the cellars, in ideal conditions. The Master Blender’s thorough expertise ensures the “heart” is treasured during the blending process, thus preserving the high-quality standards in every drop. The result is a smooth, well-balanced blend, produced with aged wine distillate and seasoned with a secret bouquet of natural extracts, reminiscent of delicate Mediterranean flavours.

The refined taste of Alexandrion’s 5* can be enjoyed on its own, on ice, in refreshing cocktails or long drinks with mixers of one’s choice.

The refined taste of Alexandrion’s 7* can be best enjoyed neat, on ice or warmed up, to redefine one’s senses.

ALEXANDRION FLAVOURS

Alexandrion Greek Orange offers a flavorful version of the original Alexandrion recipe. Obtained by adding Greek orange juice, the recipe was created to balance the refined taste of Alexandrion Original with the freshness, juiciness and sweetness of Greek oranges. Serving tip: with a premium tonic water and a slice of orange.

Alexandrion Coffee is an ingenious choice to combine the coffee flavours with the refined taste of Alexandrion Original. Freshly roasted coffee brings a new dimension to the original recipe, which acquires sweet notes of walnut, dark chocolate and vanilla. Serving suggestion: with ice or as a cold shot.

BRÂNCOVEANU VINARS

Brâncoveanu Vinars (Brandy) was created in the memory of the 25 years of peace experienced by the Romanian Country during the rule of Constantin Brâncoveanu. Vinars production is an ancient Romanian craft passed on from generation to generation. This Vinars is considered the best ambassador of wine distillates. Adding any other ingredients throughout the production process is not allowed. Our Master Blender has skillfully created a unique wine distillate blend, which proudly reflects the history and culture of the Romanian people. The elements that make this vinars special and unique are the local grape varieties used for production, the distillation process, but also the maturation process that takes place in barrels brought from France and oak barrels from the Carpathian mountains.

Brâncoveanu XO is a blend of wine distillate aged for a minimum of 7 years. As a result, the intense, delicate and rich aromas of a distinguished blend are transferred into the Brâncoveanu XO bottle. Brâncoveanu XO is dedicated to those who have proven to be generous, authentic and have had remarkable experiences.

Brâncoveanu VSOP is a blend of wine distillate aged for a minimum of 5 years, obtained through repeated testing to ensure the particular flavours are transferred into the final blend. Ennobled through fire and enriched by time, Brâncoveanu VSOP inspires perseverance and determination, values that are still deeply rooted into the contemporary characters and are specific to heroes.

Brâncoveanu VS seduces with its youth and novelty. It is matured for a minimum of 3 years in oak barrels. This maturation process contributes to its seductive taste. It was created for the brave ones who work hard to reach new heights, have the power to inspire and the openness to let themselves be inspired.

ALEXANDER

The Alexander product range contains vodka. Alexander's sweet taste is created by the wheat used for the alcohol production and is an appreciated taste confirmed by consumers. An essential ingredient of this drink, the alcohol is obtained from wheat that is distilled five times, filtrated in several stages including an active charcoal filtration process. Alexander is easy to drink and perfect for cocktail mixes.

Alexander Aromas

The flavoured versions of the Alexander range are produced exclusively from natural ingredients. They can also be served in shots, with ice or in cocktails.

Alexander Orange

Alexander Orange was created using natural orange juice. Its fresh taste is the result of beautifully blended intense fresh orange flavours and slight hints of bitter citrus peel.

COLINA PIATRA ALBĂ

Born in the The Iconic Estate vineyards, located in Dealu Mare (Big Hill), where the soil is sprinkled with marine fossils, the wine took the name of the place where the grapes are cultivated: Colina Piatra Albă. The white rocks covered with snail shells and fossilized sea-shells are reminiscent of the times when, millions of years ago, the area was covered by the waters of the Sarmatian Sea. The range consists of 3 special wines: WHITE – blend of Chardonnay, Viognier and Fetească Albă, ROSÉ – obtained from Pinot Noir vinified in rosé, and RED, blend of 3 varieties: Cabernet Sauvignon, Shiraz and Cabernet Franc.

THE MYTHOLOGICAL COLLECTION

Inspired by the ancient mythology, “The Mythological Collection” gathers exceptional wines made from hand-harvested grapes cultivated in The Iconic Estate vineyards. Strong and emblematic, like the gods and titans the names of which it bears, “The Mythological Collection” includes the symbols of Land, Tradition, Sun, Passion, History, Art, People, Faith, Talent and History. The wines that are part of the collection are elegant and memorable, defined by a special finesse and a strong “terroir” character. The collection consists of 4 other ranges with a single product: Theia – Chardonnay, Rhea – Viognier, Kronos – Pinot Noir and Neptunus – Shiraz.

THE HYPERION RANGE

Hyperion, in Greek Mythology is the god of heavenly light, the son of Sky and Earth and the father of the Sun, the Dawn and the Moon. As the “watcher from above”, he spreads the warmth of his soul and the brightness of the sun to bless the land of our vineyards and enrich the soil with his vivacious, complex and unique traits conveyed in the wines honoring his name. The Hyperion range, inspired by the most admired and envied Titan, embodies his powerful charm, conveying delicate, bright and mysterious characteristics ensuing wines with a living soul; as the personification of Hyperion himself. The complex, mysterious subtle notes lead to an intense, memorable and inimitable experience. Every drop reveals a mystical path to an obscure realm of divinity. A path to a sensorial indulgence for the most sophisticated sense of taste (or palate); a divine enjoyment for those who appreciate the company of a distinctive wine.

RHEIN EXTRA

Rhein Extra has been produced since 1892 at the Rhein & CIE Azuga 1892 Cellars according to the traditional method and is the oldest and most appreciated sparkling wine brand in Romania. The remarkable qualities of this sparkling wine have been recognized since 1906, when it received the highest distinction in the “Romanian General Exhibition”. At that time, Rhein Extra sparkling wine was considered the “most natural, local and superior” brand that has been produced using a traditional method that includes a second fermentation process in the bottle.

GLENFIDDICH

"Glenfiddich" is a Speyside single malt Scotch whisky produced by William Grant & Sons in Scottish burgh of Dufftown in Moray. Glenfiddich means "valley of the deer" in Scottish Gaelic, which is why the Glenfiddich logo is a stag.

Grand Series

Glenfiddich is the world's best-selling single-malt whisky and also the most awarded at the International Spirits Challenge. Glenfiddich whisky is produced at the Glenfiddich Distillery in Dufftown, Moray.

Glenfiddich is a single malt Scotch whisky, this means the whisky was distilled at a single distillery using a pot still distillation process and must be made from a mash of malted barley.

THE BALVENIE

“ The Balvenie “ is a unique range of single malts created by David C. Stewart MBE, The Balvenie Malt Master. Our Core Range gains its distinctive character from maturation in two distinct cask types in succession, a proprietary process pioneered by David in 1983 with The Balvenie Classic. Each whisky has its own unique taste, but each is rich, luxuriously smooth and underpinned by the distinctively honeyed character of The Balvenie.

HENDRICK'S

"HENDRICK'S" is an unusual gin created from eleven fine botanicals. The curious, yet marvellous, infusions of rose & cucumber imbue our spirit with its uniquely balanced flavour resulting in an unimpeachably smooth and distinct gin.

Why is HENDRICK'S GIN so alluring?

HENDRICK'S GIN'S unique (and dare we say unusually alluring) flavour comes from roses and cucumbers combined with a divine blend of eleven other botanicals, and the use of two distinctly different stills. The result is an exquisitely balanced gin.

Who is Master Distiller Lesley Gracie?

Based at our Gin Palace in Girvan, Ms Lesley Gracie is our Master Distiller — and the inventor of HENDRICK'S GIN. Part alchemical genius, part liquid poet and part scientist — Ms Gracie is one of the world's greatest gin innovators.

GRANT'S

"Grant's" is a blended Scotch whisky bottled by William Grant & Sons in Scotland.

In 1886, William Grant started working in the distillery business as a bookkeeper. In 1898, Pattison's, the largest Scotch whisky blender at the time, went bankrupt and William Grant stepped in and launched Grant's whisky.

In 1979, Grant's UK sales surpassed 1-million cases for the first time.

Today, Grant's continues to be family-owned and run. The current CEO, Peter Gordon, is the fifth generation of the family to head the business.

Grant's is the oldest family-owned blended whisky and is currently sold in over 180 countries. It is the world's fourth largest Scotch whisky brand, selling 4.1 million cases of whisky in the first half of 2020.

TULLAMORE D.E.W

“ Tullamore D.E.W. “ is a brand of Irish whiskey produced by William Grant & Sons.[1] It is the second largest selling brand of Irish whiskey globally, with sales of over 1,500,000 cases per annum as of 2020.

The whiskey was originally produced in Tullamore, County Offaly, Ireland, at the old Tullamore Distillery which was established in 1829. Its name is derived from the initials of Daniel E. Williams (D.E.W.), a general manager and later owner of the original distillery. In 1954, the original distillery closed down, and with stocks of whiskey running low, the brand was sold to John Powers & Son, another Irish distiller in the 1960s, with production transferred to the Midleton Distillery, County Cork in the 1970s following a merger of three major Irish distillers.

VILLA MARIA ESTATE

In 1961, at just 21 years old, George Fistonich leased five acres of land from his father in Mangere, Auckland and started off just an acre of vines. George made his first wine under the name Villa Maria in 1962 with grapes harvested from his block. Throughout the 1960s Villa Maria was a one-man band, with George's wife, Gail supporting him in his venture. George made dry red and white wines, sourcing grapes from the greater Auckland regions. In the early 1970s George started to employ staff and the company expanded rapidly. Today, Villa Maria employs more than 250 permanent staff, grows 28 different grape varieties, and exports wine to over 60 countries worldwide.
